Microeconomic Theory, Mechanism Design, Information Design

Education

Northwestern University, Ph.D. Economics — Expected 2027
Northwestern University, M.A. Economics — 2021–2022
University of Rome Tor Vergata, M.Sc. Economics — 2018–2020
University of Rome Tor Vergata, B.Sc. Financial Markets and Institutions — 2013–2016

Job Market Paper

Robust Alignment of Incentives

I study robust regulation of a better-informed agent whose incentives are imperfectly aligned with the principal's. The principal faces ambiguity about both the consequences of the agent's actions and his private bias, but knows that small changes in the action cannot have arbitrarily large payoff consequences. She may impose action-contingent penalties or restrict the set of actions available to the agent. I characterize corrective interventions that minimize worst-case regret. Their form depends on the principal's information about the agent's bias. If she can bound its overall magnitude but not its local variation, the optimal intervention is a staircase tax. If she instead knows bounds on the marginal bias, it is a kinked piecewise-linear tax.

Seminars and Conferences

Southern Economic Association Annual Meeting, Tampa, FL — 2025

Fellowships & Awards

Dissertation University Fellowship, Northwestern University — 2026–2027
Graduate Student Award, Southern Economic Association — 2025
Distinguished Teaching Assistant Award, Northwestern University — 2023

Teaching

Northwestern University

Teaching Assistant, Introduction to Microeconomics (Prof. Scott Ogawa) — 2023, 2025

Teaching Assistant, Economics of State and Local Governments (Prof. Silvia Vannutelli) — 2022

University of Rome Tor Vergata

Teaching Assistant, Microeconomics (Prof. Daniela Vuri) — 2020

Research Experience

Research Assistant to Prof. Alessandro Pavan, Northwestern University — 2023–2025

Research Assistant, Center for Economic Theory, Northwestern University — 2024, 2026

Research Assistant to Profs. Luigi Guiso and Fabiano Schivardi, LUISS Guido Carli — 2020–2021

Research Assistant to Profs. Luigi Guiso and Claudio Michelacci, Einaudi Institute for Economics and Finance (EIEF) — 2019–2020

Other Experience

Intern, KPMG Advisory S.p.A., Risk & Compliance – Financial Services — 2017

Programming

Stata, MATLAB, Python

Languages

English (fluent), Italian (native)
